REPORT OF THE DEPUTY MINISTER.

The Honourable

Sir RICHARD J. CARTWRIGHT, G.C.M.G.,
Minister of Trade and Commerce,
Ottawa.

SIR,—It is gratifying to note that the Eighth Annual Report, for the year ended June 30, 1900, shows large increases in the trade and commerce of the country, over the unprecedented figures of the previous year.

The Imports show a total value of \$189,622,513, as against \$162,764,308 during 1899; and the Exports \$191,894,723, as against \$158,896,905, a total increase of Imports and Exports of \$59,856,023. The percentage of increase is much the same in the Imports and Exports thus indicating a general and healthy growth rather than being due to any special cause.

By reference to Statement No. 5, pages 16 and 17, it will be noted that as regards Imports entered for consumption from Great Britain and the United States the increase shows a little higher percentage from Great Britain and a slightly lower one from the United States as compared with the previous year, the combined imports from the two countries being nearly 85 per cent of the total imports.

Statement No. 6, pages 18 and 19, shows the percentage of exports to Great Britain as compared with total exports to have fallen off about $5\frac{1}{3}$ per cent, and those to the United States to have increased about $6\frac{1}{3}$ per cent, the combined exports to the two countries aggregating over 91 per cent of the total exports.

Statement No. 10, pages 26 and 27, of the aggregate trade by countries, shows increases with nearly all countries, only a very few inconsiderable decreases appearing.

It will rest largely with the producers and exporters whether the notable advance made in the past few years be increased or even maintained. In order to do so no pains must be spared on the part of the producers in keeping up to standards of excellence our chief productions, and on the part of exporters in prompt attention to correspondence and strict compliance with the requirements of foreign buyers and consumers as to packing and shipping. Continued and frequent complaints reach the department of such lack of promptitude and of careless packing, resulting in too frequent instances in the loss of promising connections and much prospective advantage, which is instantly seized upon by foreign competitors who more fully appreciate the consequences.

The usual Statement showing Trade figures—unrevised—up to the latest practicable date, viz., to December 31, 1900, is hereto appended. The six months aggregate trade covered by this statement amounts to \$211,852,236 as against \$203,491,615 in the corresponding period in 1899.

Respectfully submitted,

W. G. PARMELEE,

Deputy Minister of Trade and Commerce.

COINAGE, WEIGHTS AND MEASURES.

To assist in arriving at a comprehensive understanding of the value of foreign currencies, weights and measures (as expressed in foreign trade returns, tariffs, &c.,) as compared with those of Canada, tables have been prepared as follows:—

As regards those of Canada, the law provides that the denominations of money in the currency of Canada shall be dollars, cents and mills, the cent being the one hundredth part of a dollar, and the mill one-tenth part of a cent.

That—The currency of Canada shall be such that the British sovereign (the pound sterling) of legal weight and fineness, shall be equal to four dollars eighty-six cents and two-thirds of a cent.

In like manner the law provides as respects weights, that the unit shall be the standard pound (avoirdupois) of 7,000 grains, one-sixteenth part of the standard pound shall be an ounce ($437\frac{1}{2}$ grains) one hundred pounds a cental, and two thousand pounds a ton, and that four hundred and eighty grains shall be an ounce troy, or 5,760 grains a pound troy.

As regards measures—that the unit or standard measure of capacity, as well for liquids as for dry measures, shall be the gallon containing ten standard pounds weight of distilled water weighed with the water and air at a temperature of sixty-two degrees Fahrenheit, with the barometer at thirty inches, that the quart shall be one-fourth part of the gallon, and the pint one-eighth part of the gallon, and that eight gallons shall be a bushel.

This gallon commonly known as the “Imperial Gallon,” contain 277·274 cubic inches, or 353·036 cylindrical inches.

The standard measure of length is the yard, one-third part of which it is provided shall be a foot, and the twelfth part of such foot shall be an inch.

In many countries the Metric system of weights and measures has been adopted. A separate table of Canadian equivalents of these is given in order to avoid repetition, the word “Metric” being used in the general table in each case where the system is in vogue, as indicating a reference to that table.

The equivalent value of the monetary unit can only be given as respects those countries having a gold standard. Where silver is the standard, the value of the currency necessarily fluctuates correspondingly to the market value of silver billion, and were any attempt made to quote the value of such currency it would, under present circumstances, be misleading, therefore, the weight in decimal parts of an ounce with the fineness of the coin is given instead, which will enable any one to approximate the value of the currency according to the current value of fine bar silver. As an example, say fine bar silver at 75 cents an ounce, the Bolivian dollar weighs ·801 of an ounce, its fineness is ·900, therefore $75 \times \cdot 801 = 60\cdot 075$ which $\times \cdot 900 = 54\cdot 0675$, or a small fraction over 54 cents, and the actual intrinsic value of the pure silver contained in the coin, to which should be added a reasonable allowance to cover the value of the alloy, the cost of the coinage, and in some instances exchange, the aggregate of which would be approximately the current value in Canadian currency of the dollar in question.

Unless carefully noted, the quotations as usually given of the current value per ounce of silver may be misconstrued and lead to misapprehensions, as it is sometimes quoted per ounce *fine*, and sometimes per ounce *standard*; thus for instance on a certain day the London quotation reads “fine silver per ounce standard 32 d.,” while on the same day it is quoted in New York “69½ cents per ounce fine;” as 32 d. is equal to a fraction over $64\frac{2}{3}$ cents, there would appear a difference of about $4\frac{5}{8}$ cents per ounce between the two prices, the New York price appearing that much in excess of the other, were it not noticed that one is based upon *standard* fineness and the other upon absolute fineness, but by reducing the New York “fine” to London “standard” (of ·925 fine, or 444 grains fine to the ounce) the actual difference between the two quotations is found to be only about $\frac{5}{8}$ of one cent per ounce, the London price being that much in excess of the New York.

SESSIONAL PAPER No. 10

To reduce the value of *standard* or sterling silver when expressed in pence to *fine* expressed in cents, multiply the pence and decimal parts thereof by 2·192.

To find the *standard* or sterling value expressed in pence and decimal parts thereof when *fine* is expressed in cents multiply the cents by 0·4562.

* Old weights and measures sometimes used. The tael is in reality not a standard of value (there is no such coin), but of weight, and when used in the sense of a value it only represents its weight in gold or silver, as the case may be, the real difficulty is to establish its exact equivalent in grains. Authorities differ greatly, as also does the practice in different sections of China. The Chinese are far from being inexact, and the probability is that there exists a standard, and a further probability that it is equal to 10 Japanese monmes, or 579.72 grains, which figures have been used in computing the value as above. It will be observed, however, that these figures fall short about 3.61 grains from the weight usual (say 1½ oz. per tael) in dealing with the weights other than those of gold and silver. † For many years the value of the peso in Chili has been 91.2 cents, but by the Resumption Act of Feb. 11, 1895, the value of the peso is made equal to 18 pence = 36.5 cents. ‡ Usually reckoned same as Chinese Picul of 133½ lbs. † This is long measure. ‡ Cloth measure is 25% greater in length than long measure. Therefore by cloth measure 1 sun = 1.4916 in. 1 shaku = 14.916 in. and 1 jo = 149.6 in.

† The values in Chinese Imperial Customs Returns are always given in Haikwan taels, which are relatively in value equal to about 1.113 Shanghai taels. CHINESE IMMIGRATION.

No. 71.—STATEMENT showing the TRANSACTIONS under the CHINESE IMMIGRATION ACT to June 30, 1900.

The Act went into force as respects arrivals by vessels sailing from ports in North America on August 20, 1885, and as respects arrivals by other vessels on January 1, 1886, *vide* 48-49 Victoria, chapter 71.

The Act as it appears in the Revised Statutes, chapter 67 (1886), is slightly changed from the original. There have been since then two amendments thereto, viz.: as per 50-51 Victoria, chapter 35 (1887) and 55-56 Victoria, chapter 25 (1892).

The administration of the Act was by Order in Council of September 1, 1885, assigned to the Department of Customs and transferred to the Department of Trade and Commerce by Order in Council of March 13, 1893.

The annual revenue, expenditure, &c., under the Act has been as follows:—

During the same period 11,465 Chinese have taken out certificates of leave or registered for leave up to June 30, 1900, while a very large number have left the country without so registering, having no intention of returning, so that, for this latter reason, the exact number remaining in the country is uncertain.

A.—TREATY OF FRIENDSHIP, COMMERCE, AND NAVIGATION BETWEEN THE UNITED KINGDOM AND THE REPUBLIC OF HONDURAS—SIGNED AT GUATEMALA, JANUARY 21, 1887,

(Ratifications exchanged at Guatemala, February 3, 1900.)

HER Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, and His Excellency the President of the Republic of Honduras, being desirous of maintaining and strengthening friendly relations, and of promoting commercial intercourse between the dominions of Her Britannic Majesty and the territories of the Republic, have resolved to conclude a Treaty of Friendship, Commerce, and Navigation, and have named as their Plenipotentiaries, that is to say :

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, James Plaister Harriss-Gastrell, Esq., Her Britannic Majesty's Minister Resident and Consul-General to the Republic of Honduras ; and His Excellency the President of the Republic of Honduras, His Excellency Dr. Don Jeronimo Zelaya, Envoy Extraordinary and Minister Plenipotentiary ; who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon and concluded the following Articles :—

ARTICLE I

The High Contracting Parties agree that, in all matters relating to commerce and navigation, any privilege, favour or immunity whatever which either Contracting Party has actually granted or may hereafter grant to the subjects or citizens of any other State shall be extended immediately and unconditionally to the subjects or citizens of the other Contracting Party ; it being their intention that the trade and navigation of each country shall be placed in all respects by the other on the footing of the most favoured nation.

ARTICLE II.

The produce and manufacture of, as well as all goods coming from, the dominions and possessions of Her Britannic Majesty, which are imported into Honduras, and the produce and manufactures of, as well as all goods coming from Honduras, which are imported into the dominions and possessions of Her Britannic Majesty, whether intended for consumption, warehousing, re-exportation, or transit, shall be treated in the same manner as, and, in particular, shall be subjected to no higher or other duties, whether general, municipal, or local, than the produce, manufactures, and goods of any third country the most favoured in this respect. No other or higher duties shall be levied in Honduras on the exportation of any goods to the dominions and possessions of Her Britannic Majesty, or in the dominions and possessions of Her Britannic Majesty on the exportation of any goods to Honduras, than may be levied on the exportation of the like goods to any third country the most favoured in this respect,

Neither of the Contracting Parties shall establish a prohibition of importation, exportation, or transit against the other which shall not, under like circumstances, be applicable to any third country the most favoured in this respect.

In like manner, in all that relates to local dues, customs formalities, brokerage, patterns or samples introduced by commercial travellers, and all other matters con-

nected with trade, British subjects in Honduras, and Honduranian citizens in the dominions and possessions of Her Britannic Majesty, shall enjoy most-favoured-nation treatment.

In the event of any changes being made in the Honduranian Laws, Customs Tariff, or Regulations, sufficient notice shall be given in order to enable British subjects to make the necessary arrangements for meeting them.

ARTICLE III.

British ships and their cargoes shall, in Honduras, and Honduranian vessels and their cargoes shall, in the dominions and possessions of Her Britannic Majesty, from whatever place arriving and whatever may be the place of origin or destination of their cargoes, be treated in every respect as national ships and their cargoes.

Every favour or exemption in these respects, or any other privilege in matters of navigation which either of the Contracting Parties shall grant to a third Power, shall be extended immediately and unconditionally to the other Party.

All vessels which, according to British law, are to be deemed British vessels, and all vessels which, according to the law of Honduras, are to be deemed Honduranian vessels, shall, for the purpose of this Treaty, be respectively deemed British or Honduranian vessels.

ARTICLE IV.

The subjects or citizens of each of the Contracting Parties shall be permitted to reside permanently or temporarily in the dominions or possessions of the other, and to occupy and hire houses and warehouses for purposes of commerce, whether wholesale or retail. They shall also be at full liberty to exercise civil rights, and therefore to acquire, possess, and dispose of every description of property, movable and immovable. They may acquire and transmit the same to others, whether by purchase, sale, donation, exchange, marriage, testament, succession *ab intestato*, and in any other manner under the same conditions as natives of the country. Their heirs and legal representatives may succeed to and take possession of it, either in person or by procurators, in the same manner and in the same legal forms as natives of the country.

In none of these respects shall they pay upon the value of such property any other or higher impost, duty, or charge than is payable by natives of the country. In every case the subjects or citizens of the Contracting Parties shall be permitted to export their property, or the proceeds thereof if sold, freely and without being subjected on such exportation to pay any duty different from that to which the natives of the country are liable under similar circumstances.

ARTICLE V.

The subjects or citizens of each of the two Contracting Parties in the dominions and possessions of the other shall have free access to the Courts of Justice for the prosecution and defence of their rights, without other conditions, restrictions, or taxes beyond those imposed on natives of the country, and shall, like them, be at liberty to employ, in all causes, their advocates, attorneys or agents from among the persons admitted to the exercise of those professions according to the laws of the country.

ARTICLE VI.

The subjects or citizens of each of the Contracting Parties in the dominions and possessions of the other shall be exempted from billeting and from all compulsory military service whatever, whether in the army, navy, or national guard or militia. They shall likewise be exempted from all contributions, whether pecuniary or in kind, imposed as a compensation for billeting and for personal service, and, finally, from forced loans and military exactions or requisitions of any kind.

ARTICLE VII.

The subjects or citizens of either of the two Contracting Parties residing in the dominions and possessions of the other shall enjoy in regard to their houses, persons and properties, the protection of the Government in as full and ample a manner as native subjects or citizens.

In like manner the subjects or citizens of each Contracting Party shall enjoy in the dominions and possessions of the other full liberty of conscience, and shall not be molested on account of their religious belief; and such of those subjects or citizens as may die in the territories of the other Party shall be buried in the public cemeteries, or in places appointed for the purpose with suitable decorum and respect.

The subjects of Her Britannic Majesty residing within the territories of the Republic of Honduras shall be at liberty to exercise in private and in their own dwellings, or within the dwellings or offices of Her Britannic Majesty's Minister, Consuls, or Vice-Consuls, or in any public edifice set apart for the purpose, their religious rites, services and worship, and to assemble therein for that purpose without hindrance or molestation. The same stipulations shall be observed in regard to the citizens of the republic of Honduras within the territories of Her Britannic Majesty.

ARTICLE VIII.

The subjects or citizens of each of the Contracting Parties shall have in the dominions and possessions of the other, the same rights as natives, or as subjects or citizens of the most-favoured-nation, in regard to patents for inventions, trade-marks and designs, and the protection of industrial property, upon fulfilment of the formalities prescribed by law.

ARTICLE IX.

Each of the Contracting Parties may appoint Consuls-General, Consuls, Vice-Consuls, Pro-Consuls, and Consular Agents to reside respectively in towns or ports in the dominions and possessions of the other Power. Such Consular officers, however, shall not enter upon their functions until after they shall have been approved and admitted in the usual form by the Government to which they are sent. They shall exercise whatever functions, and enjoy whatever privileges, exemptions and immunities are, or may hereafter be, granted there to Consular officers of the most-favoured-nation.

ARTICLE X.

In the event of any subject or citizen of either of the two Contracting Parties dying without will or testament, in the dominions and possessions of the other Contracting Party, the Consul-General, Consul, or Vice-Consul of the nation to which the deceased may belong, or, in his absence, the representative of such Consular officer may, so far as the laws of each country will permit, take charge of the property which the deceased shall have left, for the benefit of his legal representatives, until an executor or administrator be named.

SESSIONAL PAPER No. 10

ARTICLE XI.

The Consuls-General, Consuls, Vice-Consuls and Consular Agents of each of the Contracting Parties residing in the dominions and possessions of the other shall receive from the local authorities such assistance as can by law be given to them for the recovery of deserters from the vessels of their respective countries.

ARTICLE XII.

Any ship of war or merchant-vessel of either of the Contracting Parties which may be compelled by stress of weather, or by accident, to take shelter in a port of the other, shall be at liberty to refit therein, to procure all necessary stores, and to continue their voyage, without paying any dues other than such as would be payable in a similar case by a national vessel. In case, however, the master of a merchant-vessel should be under the necessity of disposing of part of his merchandise in order to defray his expenses, he shall be bound to conform to the Regulations and Tariffs of the place to which he may have come.

If any ship of war or merchant-vessel of one of the Contracting Parties should run against or be wrecked within the territory of the other, such ship or vessel, and all parts thereof, and all furniture and appurtenances belonging thereunto, and all goods and merchandise saved therefrom, including any which may have been cast out of the ship, or the proceeds thereof if sold, as well as all papers found on board such stranded or wrecked ship or vessel, shall be given up to the owners or their agents when claimed by them. If there are no such owners or agents on the spot, then the same shall be delivered to the British or Honduranian Consul-General, Consul, Vice-Consul, or Consular Agent in whose district the wreck or stranding may have taken place, upon being claimed by him within the period fixed by the laws of the country; and such Consuls, owners or agents shall pay only the expenses incurred in the preservation of the property, together with the salvage or other expenses which would have been payable in the like case of a wreck of a national vessel.

The goods and merchandise saved from the wreck shall be exempt from all duties of Customs, unless cleared for consumption, in which case they shall pay the same rate of duty as if they had been imported in a national vessel.

In the case either of a vessel being driven in by stress of weather, run aground or wrecked, the respective Consuls-General, Consuls, Vice-Consuls, and Consular Agents shall, if the owner or master or other agent of the owner is not present, or is present and requires it, be authorized to interpose in order to afford the necessary assistance to their fellow-countrymen.

ARTICLE XIII.

For the better security of commerce between the subjects of Her Britannic Majesty and the citizens of the Republic of Honduras, it is agreed that if at any time any interruption of friendly intercourse, or any rupture, should unfortunately take place between the two Contracting Parties, the subjects or citizens of either of the said Contracting Parties who may be residing in the dominions or territories of the other, or who may be established there, in the exercise of any trade or special employment, shall have the privilege of remaining and continuing such trade or employment, without any manner of interruption, in full enjoyment of their liberty and property, so long as they behave peacefully and commit no offence against the laws; and their goods, property and effects, of whatever description they may be, whether in their own custody or intrusted to individuals or to the State, shall not be liable to seizure or sequestration, or to any other charges or demands than those which may be made upon the like goods, property, and effects belonging to native subjects or citizens. Should they, however, prefer to leave the country, they shall be allowed to make arrangements for the safe keeping of their goods, property and effects, or to dispose of them, and to liquidate their accounts; and a safe conduct shall be given them to embark at the ports which they shall themselves select.

ARTICLE XIV.

The stipulations of the present Treaty shall be applicable to all the Colonies and foreign possessions of Her Britannic Majesty, so far as the laws permit, excepting to those hereinafter named, that is to say, except to—

India,	The Dominion of Canada,
Newfoundland,	New South Wales,
Victoria,	South Australia,
Western Australia,	Queensland,
Tasmania,	New Zealand,
The Cape,	Natal.

Provided always that the stipulations of the present Treaty shall be made applicable to any of the above-named Colonies or foreign possessions on whose behalf notice to that effect shall have been given by Her Britannic Majesty's Representative in the Republic of Honduras to the Honduranian Minister for Foreign Affairs within two years from the date of the exchange of the ratifications of the present Treaty.

The Treaty shall apply in the case of such Colonies or foreign possessions from the date when this notice is given to the Honduranian Minister for Foreign Affairs.

ARTICLE XV.

Any controversies which may arise respecting the interpretation or the execution of the present Treaty, or the consequences of any violation thereof, shall be submitted, when the means of settling them directly by amicable agreement are exhausted, to the decision of Commissions of Arbitration, and the result of such arbitration shall be binding upon both Governments.

The members of such Commissions shall be selected by the two Governments by common consent; failing which each of the Parties shall nominate an Arbitrator, or an equal number of Arbitrators, and the Arbitrators thus appointed shall select an Umpire.

The procedure of the arbitration shall in each case be determined by the Contracting Parties; failing which the Commission of Arbitration shall be itself entitled to determine it beforehand.

ARTICLE XVI.

The present Treaty shall continue in force during ten years, counted from the day of the exchange of the ratifications; and in case neither of the two Contracting Parties shall have given notice twelve months before the expiration of the said period of ten years of their intention of terminating the present Treaty, it shall remain in force until the expiration of one year from the day on which either of the Contracting Parties shall have given such notice.

ARTICLE XVII.

The present Treaty shall be ratified by Her Majesty the Queen of Great Britain and Ireland, and by His Excellency the President of the Republic of Honduras, and the ratifications shall be exchanged at Tegucigalpa or Guatemala as soon as possible.

In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seals of their arms.

SESSIONAL PAPER No. 10

Protocol.

The undersigned Plenipotentiaries of the High Contracting Parties, in proceeding to the signature this day of the Treaty of Friendship, Commerce and Navigation between the United Kingdom of Great Britain and Ireland and the Republic of Honduras, do hereby declare that by the words 'a port' in Article XII (first paragraph), as regards vessels in distress, is intended 'a port or roadstead of any kind, whether or not it be a port of entry.' It is likewise understood between the undersigned Plenipotentiaries that British subjects, in like manner as Honduranian citizens, shall pay the same municipal taxes, such as the tax on the places of business in Honduras.

Done in duplicate at Guatemala, this twenty-first day of January in the year of our Lord one thousand eight hundred and eighty-seven.

(L.S.) J. P. H. GASTRELL,
(L.S.) JERONIMO ZELAYA.

Protocol.

The undersigned Plenipotentiaries of the High Contracting Parties to the Treaty of Friendship, Commerce and Navigation signed between the United Kingdom of Great Britain and Ireland and the Republic of Honduras on the twenty-first of January one thousand eight hundred and eighty-seven, being duly authorized thereto, have agreed as follows:—

1. The stipulations of the said Treaty shall not be applicable to any of the Colonies or foreign possessions of Her Britannic Majesty unless notice to that effect shall have been given on behalf of any such Colony or foreign possession by Her Britannic Majesty's Representative accredited to the Republic of Honduras to the Honduranian Minister for Foreign Affairs within one year from the date of the exchange of ratifications of the said Treaty.
2. Her Majesty's Government may in the same manner give notice of accession on behalf of any British Protectorate or sphere of influence, or on behalf of the Island of Cyprus, in virtue of the Convention of fourth of June one thousand eight hundred and seventy-eight, between Great Britain and Turkey.
3. Her Majesty's Government shall also have the right to separately terminate the Treaty at any time on giving twelve months notice to that effect on behalf of any British Colony, foreign possession or dependency which may have acceded thereto.
4. It is understood that in all cases in which the provisions of the said Treaty accord the treatment of the most-favoured-nation, that term shall not be held to include the Central American Republics.
5. The stipulations of the said Treaty will be applicable to India, including the territories of any native Prince or Chief in India under the suzerainty of the British Government, subject to the following reservations:—
 1. The Government of India reserve the discretionary power to prevent any foreigner from residing or sojourning in, or travelling through, India, as above defined without their consent.
 2. In regard to the native States of India, the rights of citizens of the Republic of Honduras, under Articles I. and IV. of the said Treaty are subject to the same limitations as those which are, or may be, in force as regards the European British subjects.
 3. The right to appoint Consuls under Article IX. of the said Treaty shall, in India, be restricted to the seaport towns of the provinces under the direct administration of the Government of India.

Done in duplicate, at Guatemala, this third day of February, in the year of our Lord one thousand nine hundred.

(L.S.) J. PADILLA.

NOTE.—Under an Order in Council of date October 16, 1900, the government of Canada declined to become a party to the above convention.

(B).—CONVENTION BETWEEN THE UNITED KINGDOM AND URUGUAY
RENEWING THE TREATY OF FRIENDSHIP, COMMERCE, AND
NAVIGATION OF NOVEMBER 13, 1885.

SIGNED AT MONTE VIDEO, JULY 15, 1899.

Ratifications exchanged at Monte Video, June 9, 1900.

Their Excellencies Mr. Walter Baring, Her Britannic Majesty's Minister Resident, and Dr. Manuel Herrero y Espinosa, Minister for Foreign Affairs, having met together at the Ministry for Foreign Affairs of the Oriental Republic of Uruguay, have declared that, whereas it has not been as yet possible for reasons foreign to the wishes of both governments to conclude a Treaty of Commerce and Navigation between their respective countries to take the place of the one that has lapsed, and recognizing the fact that it is necessary that the commercial interests of the two nations should continue to be regulated by an international compact securing to them the treatment and advantages of the most-favoured-nation, and being duly authorized to that effect, now agree that the Treaty of Friendship, Commerce, and Navigation concluded on the 13th of November, 1885, and the ratifications of which were exchanged on the 22nd of May, 1886, shall be renewed.

They also declared that British Colonies and possessions may adhere to the present Convention within six months counting from the exchange of ratifications, and may withdraw from the same, at any time, by giving six months' notice of their intention.

In either case the notice will be given by the Representative of Her Britannic Majesty at Montevideo to the Ministry for Foreign Affairs of Uruguay.

It was also agreed that the stipulations contained in the Treaty which is to be renewed do not include cases in which the Government of the Oriental Republic of Uruguay may accord special favours, exemptions, and privileges to the citizens or products of the United States of Brazil, of the Argentine Republic, or of Paraguay in matters of commerce.

Such favours cannot be claimed on behalf of Great Britain on the ground of most-favoured-nation rights, as long as they are not conceded to other States.

It is, nevertheless, understood that the said special favours, exemptions, and privileges shall not be capable of application to products similar to those of Great Britain, nor be extended to navigation.

The present Convention shall be ratified, and the ratifications exchanged at Montevideo as soon as possible.

It shall come into force from the day on which the ratifications are exchanged, and shall continue in force until the expiration of one year from the day on which one of the High Contracting Parties shall have given notice to the other of its intention of terminating it.

The undersigned Plenipotentiaries trust that in the time during which the present Convention remains in force the necessary negotiations may be carried on for the conclusion of a new Treaty more in keeping with the reciprocal interests of the two States.

In witness whereof they have signed the present Convention in duplicate at Montevideo, the fifteenth day of July, one thousand eight hundred and ninety-nine.

(L.S.) WALTER BARING.

(L.S.) MANL. HERRERO Y ESPINOSA.

NOTE.—Under an Order in Council of date October 9, 1900, the Government of Canada declined to become a party to the above Convention.

SESSIONAL PAPER No. 10

(C).—*Re* EXPORTS OF TINNED LOBSTERS AND WOOD PULP TO
FRANCE.

This department has received information through the office of the Colonial Secretary, London, England, to the effect that *tinned lobsters* and *wood pulp*, exported from Canada to France via New York, will not be permitted to be entered at ports in France at the minimum tariff rate as formerly, but will be subject to the maximum tariff rate after June 15, 1900, owing to the establishment of direct steamship communication between Canada and France.

(D).—*Re* TERMINATION OF TREATY BETWEEN GREAT BRITAIN AND
MONTENEGRO.

This department has received information from the Colonial Office, London, England, to the effect that the Commercial Treaty between Great Britain and Montenegro, of date January 21, 1882, which was to have terminated on June 13, 1900, in accordance with Article XV. of that Treaty, will not expire until January 1, 1901.
